This beautiful bungalow in Crystal Ridge is move-in ready and full of potential! Located on the inner loop of a quiet cul-du-sac, just around the corner from a big green space and only 2 blocks from Crystal Lake walking trails, you can explore the great outdoors year round with no excuses! On the main level you will find an open concept layout, complete with a sunken living room adorned by a wood burning fireplace. There are new windows everywhere you look, allowing plenty of natural light in. The kitchen offers a full coffee bar separate from the cooking area, as well as a large dining room, again with more beautiful windows. On the main you will find 3 bedrooms, and one and a half baths - with the half bath being the ensuite. Downstairs you have loads of room for a potential MIL suite, made possible by your private back door entrance and a kitchenette area already in place. Two bedrooms and a full bathroom await you downstairs, as well as a large living room complete with gas fireplace. The backyard is really a gardeners sanctuary, featuring a raised garden bed, 3 sheds, a beautiful greenhouse, and a ground level deck with pergola. The mature trees and location seem to attract wildlife, and the backyard is a pass-through route for the local deer. Call your trusted realtor today to view this cozy home!
