For young professional couples or retirees, this might be the missing piece of the puzzle you've been searching for. A lovely two-bedroom, 1.5 bath, 953 sq. ft. apartment on a quiet cul-de-sac in the SW community of Shawnee Slopes. There is a lot of convenience packed into this apartment with an appealing open-concept living room, dining room and kitchen. A SW exposure allows in lots of natural light and shows off the well-kept hardwood floors. A tiled, corner gas fireplace in the living room increases the cozy factor and warmth. Sleek white cabinets in the kitchen, a tiled backsplash, laminate countertops, white and stainless steel appliances, a breakfast bar/island and a bonus pantry make for an efficient workspace. The primary bedroom has not only a 4-pc ensuite but an incredible amount of closet space. The 2nd bedroom is a versatile space that can be adapted as a home office, playroom or hobby space. The 2-pc bath, convenient laundry/storage room and a balcony to expand your summer entertainment area complete the apartment. Additional benefits included in this professionally managed complex are numerous: a secured heated underground titled parking stall, underground visitor parking, storage locker, games room, amenity room, guest suite, exercise room, car wash & vacuum, carpentry shop, winemaking room, and bicycle storage. The icing on the cake is the proximity to everything: Stoney and Macleod Trails and the shopping and restaurants located there; James Mckevitt Road SW, St. Mary's University, schools, Fish Creek Provincial Park and transit.
