Almost new and built around a beautifully landscaped central courtyard, the development features three thoughtfully arranged buildings that create a quiet, welcoming atmosphere from the moment you arrive. Inside, 2 bed home is bright, spacious, and impressively functional. Fresh new flooring installed in 2024 adds a clean, updated feel throughout. The open kitchen is designed for everyday ease—complete with sparkling stainless steel appliances (including a fridge with water and ice), granite countertops, a deep double sink with a bistro-style faucet, tall cabinetry, and a stylish subway tile backsplash. A convenient breakfast bar connects the kitchen to the main living area, creating an inviting space for both relaxing and entertaining. Large windows fill the home with natural light and offer a lovely view of the quiet courtyard below.
