Welcome to 4707 Brockington Road. Situated on a quiet street in the established community of Brentwood, this well-maintained, renovated four-level split offers a thoughtful layout, modern updates, and the warmth of a mature northwest neighborhood. The main living level welcomes you with a bright east-facing living room, where large windows allow natural morning light to pour into the space. The layout flows into the open concept kitchen, dining & living areas, creating a comfortable setting for both everyday living and entertaining. The kitchen was fully renovated approximately five years ago and features modern cabinetry, contemporary lighting, and upgraded appliances. A patio door from the dining area leads directly to the private backyard with a large patio for social gathering/entertainment, a newer fence frames the outdoor space and a double heated garage provides secure parking and year-round convenience. Upstairs, the home offers three bedrooms along with an updated 4-piece bathroom, creating a practical and comfortable sleeping area for the household. The third level expands the living space with a generous family room, ideal for relaxing evenings or casual gatherings. This level also features an additional bedroom with a large walk-in closet and a 3-piece bathroom, making it well-laid out for guests, older children, or extended family. The fourth level provides further versatility with a spacious recreation room complete with a dry bar, perfect for movie nights, hobbies, or a games area. A laundry room and additional storage complete this lower level. Over the past several years, the home has benefited from a number of meaningful upgrades: all windows, exterior doors, shingles, fencing, flooring, and lighting fixtures, offering both comfort and long-term value — this is move-in ready! Living in Brentwood places you in
