The second bedroom offers exceptional flexibility for guests, a home office, or additional living space with easy access to the full 4-piece second bathroom across the hallway. The laundry room provides lots of in-suite storage while the out of suite storage provides ample space for tires and large storage containers. Other features include underground heated parking, exercise room with weights and cardio equipment, common area terrace and small park with picnic tables and benches for you to sit back and relax. Riverscape is a well-managed and financially healthy building with a strong reserve fund

and a proactive board. Major building improvements have already been completed — including a roof replacement and new hot water holding tanks approximately three years ago, along with beautifully updated hallways and common areas completed last year — all without special assessments. An exceptional opportunity to own in one of Calgary’s most sought-after communities.
