An extraordinary opportunity to own a completely reimagined mid-century modern masterpiece, meticulously rebuilt from the studs up. Blending iconic architectural character—including an authentic sandstone wood-burning fireplace and preserved Chicago brick—with the finest in contemporary luxury, craftsmanship, and technology, this residence offers a truly one-of-a-kind living experience. Designed for both grand entertaining and everyday comfort, the home features soaring two-storey vaulted ceilings, five fireplaces, an elevator servicing the walkout level, extensive custom millwork, and thoughtfully integrated smart design throughout. Hidden doors seamlessly incorporated into floor-to-ceiling shelving and feature walls provide discreet access to storage and functional spaces while maintaining clean architectural lines. At the heart of the home is a spectacular chef’s kitchen anchored by a striking stone fireplace and equipped with professional-grade built-in appliances, an oversized island, custom rift-cut white oak cabinetry, premium quartz surfaces, double sinks, touch-activated faucet, garburator, built-in refrigerator, integrated dishwasher drawers, under-cabinet lighting, and toe-kick vacuum system. An exceptional butler’s pantry adds extensive cabinetry, freezer with ice maker, wall oven, microwave, prep space, and abundant storage. The luxurious primary retreat offers direct access to a private terrace overlooking the beautifully landscaped backyard. The spa-inspired ensuite features dual vanities, freestanding soaker tub, oversized walk-in shower, private water closet with bidet, heated floors, and a custom walk-in dressing room with extensive built-ins. The fully developed walkout level is ideal for multigenerational living, guests, or live-in support, featuring two additional bedrooms connected by a Jack-and-Jill

bathroom, a fully appointed entertaining bar with beverage fridge, dishwasher drawer, and microwave, a fitness room, spacious family room with fireplace, extensive custom storage, and a generous mudroom leading to the oversized heated garage with epoxy flooring. No expense was spared in the home's reconstruction, including expanded 2x6 exterior walls, all-new electrical, plumbing, HVAC, windows, roof, stucco, and insulation. Additional features include heated floors, air conditioning, HRV/ERV system, tankless hot water, and new foundation waterproofing and drainage systems. Spectacular outdoor living areas complete this remarkable property, offering the rare combination of iconic mid-century design and the comfort, efficiency, and sophistication of a newly built luxury residence. A truly exceptional architectural offering.
