A statement home in Mount Pleasant, this luxury build feels more like a private design showcase than a typical inner-city infill. Every space is layered with custom detail—from white oak millwork, arched built-ins, a glass-walled office, and backlit tile to inset lighting, tray ceilings, steam showers, heated floors, DUAL AC, and a fully developed lower level designed for entertaining. With 5 BEDROOMS, 5 ENSUITES, 2 POWDER ROOMS, and a sunny SOUTH FACING BACKYARD, this is a home that truly needs to be experienced in person. The foyer opens with immediate drama, setting the tone for a floorplan that balances architectural impact with everyday livability. At the front, the OFFICE is enclosed with metal-framed glass and finished with custom built-ins, creating a polished workspace that feels connected but private. A main floor BEDROOM with its own ENSUITE WITH HEATED FLOORS adds flexibility for guests, multi-generational living, or a second office. The main living area is rich in detail and scale. The LIVING ROOM centres around a gas fireplace with European plaster surround and beautiful arched built-ins w/inset lighting, while the 4-panel Regency garden door adds a strong connection to the SOUTH-FACING BACKYARD. The dining area sits between the living space and kitchen, creating a natural flow for hosting. In the KITCHEN, JennAir appliances, a large island with skirted sink, gas range, microwave, pot filler, and extensive cabinetry create a refined, functional hub. Behind the scenes, the PREP KITCHEN adds serious utility with a 6-burner gas cooktop, 700 CFM hood fan, refrigerator, custom cabinetry & sink. The MUDROOM is equally elevated, with fully custom cabinetry and access to the FULLY FINISHED HEATED TRIPLE GARAGE. Upstairs, continues to impress with 2 secondary bedrooms, each with oak inset tray ceilings,

ENSUITE w/ HEATED TILE FLOOR plus custom curtains & blinds throughout. The BONUS ROOM is a true design moment with custom arched oak built-in, inset lighting, and cabinetry below. The PRIMARY SUITE feels calm, warm, and highly tailored with a vaulted ceiling, inset white oak detailing, ambient lighting, and a custom walk-in closet with island. The ensuite brings the spa experience home with heated tile, a freestanding tub, and oversized steam shower. The lower level is built for atmosphere. White oak beams define the ceiling, while RADIANT IN FLOOR HEAT adds comfort throughout. A large REC ROOM and wet bar with antique glass tile & inset lighting create a standout entertaining space, complemented by a WINE CELLAR, luxurious powder room & oversized guest suite with white oak wainscoting, a custom walk-in closet with island & quartz top, and private ensuite with IN-FLOOR HEAT and a large STEAM SHOWER. Nestled in a quiet pocket of Mount Pleasant, this home is minutes from Confederation Park, top schools, U of C, SAIT, Foothills & Children's Hospitals, and downtown Calgary.
