Recent improvements include a renovated basement, newer high-end stainless steel appliances and shingles replaced just one year ago, while the main and upper floors were freshly painted 3 years ago. Tinted windows throughout and a central vacuum system add further convenience and comfort. The wide hardwood staircase immediately sets the tone as you enter, creating a warm and polished first impression, with the hardwood flooring continuing throughout the kitchen, living and dining areas. The bright kitchen combines crisp white cabinetry with practical storage, including a built-in pantry, decorative china cabinets, wine rack and corner roll-down appliance cabinet. Stainless appliances (4 yrs old) complement the space plus a handy garburator. The adjoining dining area provides room for a large family table and opens onto the rear deck, complete with a natural gas BBQ hookup for effortless entertaining. Open railing from the dining area to the lower level visually connects the levels, creating a natural flow through the home. This lower third level offers a comfortable family room with a gas fireplace and convenient access to the large lower patio, plus a laundry room with cabinetry that is connected to a 2-piece bathroom, while direct access to the attached garage adds everyday convenience. Upstairs, the primary bedroom comfortably accommodates a king-size suite and features his-and-hers closets along with a 3-piece ensuite with a corner shower. Two additional bedrooms and a 4-piece bathroom complete the upper level. The recently RENOVATED BASEMENT adds 4th and 5th bedrooms and a 3-piece bath with a corner shower, providing a fresh, finished

space for family or guests. A T-bar ceiling provides easy access to the utilities. The heated double-attached garage is insulated and boarded, and includes a workbench, mezzanine storage, and direct access to the third level.
